

Summer 2022

Dear 4th grade Families,

I am very pleased to be your child's homeroom teacher this year. In 4th Grade, our class will be experiencing many wonderful new changes. Students will have different teachers for most subjects. I will be your student's math and social studies teacher. I like using fun activities such as songs and projects to teach them these two subjects!

Transition, organization and growth mind set skills will be a key focus during the first few weeks of school. It is also extremely important to check your child's planner each night to help your student stay on top of their assignments and activities.

You'll find a fourth Grade School Supply list on the Uwchlan Hills website for the supplies your student will need at school. Please let me know if you would like a copy or have any questions. I also suggest that your student have the following supplies at home: Multiplication flash cards; calculator (used only to check homework once it's all finished!); supply of pencils and glue sticks to restock at school when your child needs to replenish; and a 12-pack of colored pencils. Our class room is always looking for supplies such as pencils, Kleenex, paper towels and hand sanitizer.

Please always feel free to contact me at any time by email with any questions or concerns you may have @ hlemmler@dasd.org. Please let me know anytime if something is going on with your student at home or at school.

I love hearing from you and I do believe we are a team. I'm looking forward to an exciting year full of growth with your child. See you at Back to School Night on Tuesday, August 23rd!

Sincerely,

Ronnie Lemler
